Subject: Yes, Jim looked up licenses

Dear Richard,

Welcome back! I hope you enjoyed your vacation.

Yes, Jim looked up some separate licenses that the subsidiary vs parent company had.

In the spreadsheet, we have coded some columns as 1 or 0 for whether signs of falsification were found and whether signs of failure to follow workplan were found. Those are summarized in the next columns. So it would be easy to sort in the spreadsheet for those. Let me know if you want me to do that for you.

Lily
